EXPERIENCE

Public Services and Procurement Canada

Sep 2026 - Present

Project Officer | Vendor Management

Ottawa, ON

- Coordinate onboarding, offboarding, contracting, and status tracking for 700+ external consultants across vendors including Dayforce, IBM, EY, PwC, Deloitte, and others.
- Maintain and reconcile consultant records, documentation, and operational trackers to support accurate workforce administration and timely processing.
- Develop Power BI dashboards to improve visibility into vendor workforce data, operational trends, and management reporting.
- Lead manager-directed process automation initiatives, including Power BI and Purolator tracking enhancements, to reduce manual effort and improve data consistency, monitoring, and workflow efficiency. Coordinate with vendors, managers, and internal stakeholders to resolve consultant onboarding, contracting, access, and documentation issues.

Statistics Canada – FSWEF

May 2025 - April 2026

Economic Analyst | International Accounts and Trade Division (Pricing Unit)

Ottawa, ON

- Extracted, transformed, and analyzed large-scale trade and pricing datasets using Python, Excel, Access, and Mercury.
- Supported trade-measurement modernization by identifying data-quality issues and improving reporting accuracy and reliability.
- Conducted commodity-level pricing research to support price-index methodology and economic reporting.
- Supported Harmonized System code rebasing, improving classification accuracy across import/export data.
- Prepared analytical findings and recommendations for internal stakeholders to support data-driven decision-making.

Public Services and Procurement Canada – FSWEF

Jan 2024 - April 2025

Strategic Operations Analyst (IT-01) | Vendor Management (IBM)

Gatineau, QC

- Analyzed pricing and contract performance across 400+ IT consulting engagements, identifying discrepancies, risks, and emerging issues for management.
- Investigated vendor-management issues using available data and consultations with IBM and internal stakeholders to support recommended resolutions.
- Built automated Excel risk-monitoring tools that improved review efficiency by 30% and enabled proactive identification of budget and pricing concerns.
- Prepared reports, findings, and recommendations for senior management on operational, budget, pricing, and vendor-management issues.
- Co-developed and maintained the Vendor Management SharePoint platform, centralizing operational tools and documentation.

Andorix Inc.

May 2022 - Aug 2022

Accounting Intern (Finance & Accounting Assistant)

Toronto, ON

- Supported accounting operations including reconciliations, month-end close, invoicing, FX reconciliations, and vendor settlements using SAP Business One.

EDUCATION

University of Ottawa

Sept 2021 - Dec 2026 (Expected)

Bachelor of Social Science in Interdisciplinary Studies (Economics Major) | French Program
